

You do the driving... we'll do the expense report.

Reduced Costs

Eliminate sorting through cash or credit card receipts and reimbursing drivers. Administrative time is reduced and fiscal reporting is made easier with month-to-date and year-to-date reporting.

Greater Control

Every month you'll know where and when your drivers made purchases and what they bought. Use our program tools to help prevent misuse by setting rules for how much drivers buy, how often and when.

Convenience

It's easy for your drivers to use one card at all Han-Dee Hugo's locations. Plus, the card is accepted at 90% of retail fuel locations nationwide. For your maintenance needs, the card is accepted at 41,000 service locations. Drivers get back on the road quickly when they use the card wherever pay-at-the-pump is available.

Improved Security

Each vehicle is assigned a card and each driver is assigned a unique identification number – one cannot be used without the other. Drivers enter the current odometer reading of the vehicle at the time of purchase along with the identification number.

Online Account Access

Quickly check purchases as soon as they post to your account. Plus, add or delete cards and drivers immediately, as well as view and pay your invoices*, all with just a few mouse clicks.

Customer Service

Friendly and trained Customer Service Representatives are always just a toll-free call away, ready to help you and your drivers, 24 hours a day, 7 days a week.
